Our Spring and Summer Announcement

In presenting this little booklet it is the intention of "The Big Store" to remind its many friends and patrons of the many lines of goods carried, thus giving them the double advantage of buying close at hand and saving the expense of express charges on goods bought in distant cities.

We are making no pretense to name and price all the different lines of goods that can be found under our big roof, but only giving each of its many Divisions a passing glance.

The new management and their able buyers for each section are ever on the watch for the up-to-date merchandise, and closer buying in large quantities enables us to meet or better any price (quality considered) offered by any merchandise house in the country. And remember the reputation of our store stands as a guarantee against any and all misrepresentation.

TO THE PEOPLE OF THE GRAND TRAVERSE REGION

If you find it inconvenient to call at our store a postal will bring you full description and prices on any article, or you can request your local merchant to get the goods for you.

A Welcome to Our Big Store

We take this occasion to again extend to you and yours an invitation to make our store your home while in our city. It's many conveniences, which are especially so advantageous to the ladies and children, are yours to use at any time. Our Rest Rooms make a convenient meeting place; our Toilet Rooms, for men and women, are always in sanitary condition; free Check Room for bundles; our Private Telephone Exchange connections are yours to use at any and all times; our large force of genial clerks are here to serve you and impart any information available.

REMEMBER YOU ARE ALWAYS WELCOME
AT THE BIG STORE WHETHER YOU
SPEND ONE CENT OR NOT.
MAKE IT YOUR
HEADQUAR-
TERS.

The Management will appreciate it very much if you will report to their Secretary and Treasurer, Mr. Sanders, their Superintendent, Mr. Brown, or their Floor Manager, Mr. Wilkinson, any mistake that should happen in the purchasing of goods, or any inattention on the part of any clerk. The aim of the Big Store is to give the very best service possible, and if you do not get it, you are justified in making your complaint.

You Are Always Welcome

It has a simple, novel and effective device for turning the plow. Will plow the most difficult soil and do it well. Can be used with or tongue as desired. Equipped with combination tongue iron and furrow wheel lock lever. A new and practical time-saving device for using plow without tongue.

Easily handled and the depth regulated to a nicety. Can be lifted out of the ground with little or no exertion. Turns square corners without lifting out of the ground. Made both right and left handed and with both steel and chilled bottom. No. 11 is fitted with any of the following bases:

- No. 41 general purpose either 14 or 16 inches.
- No. 8 Crescent for stubble use cuts 14 or 16 inches.
- No. 20 general purpose cuts 12 inches.
- No. 40 general purpose cuts 14 inches.
- No. 50 general purpose cuts 16 inches.

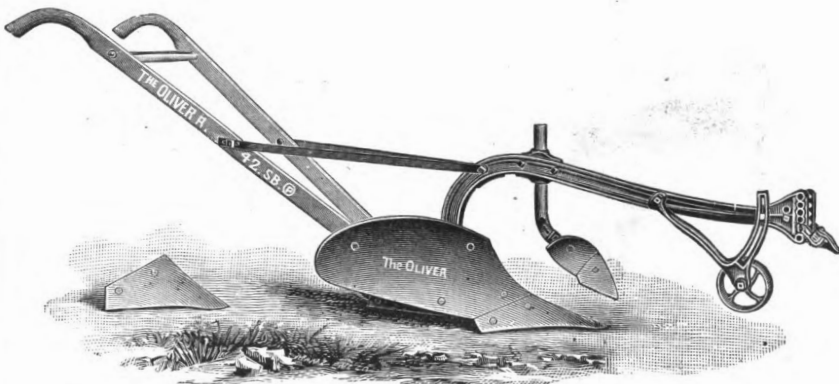

No. 40 Oliver Chilled Plow

A two or three horse plow. Always reliable. Its great capacity, steady running and turning qualities, make it valuable in sandy and alluvial soils. On hilly land it is unrivaled, and for a general purpose plow it has no equal. It will turn a furrow 9x16 inches. Made either right or left hand, with steel or wood beam.

The No. 40 series consists of No. 10 and 13 one-horse plows; No 19 and 20 and E and 30 A, a two-horse plow; No. 40 and 50 as two or three-horse plows.
